#### **POKER SIZE - CASINO STYLE**

#### Why choose the POKER size?

Although it is obvious that the popularity of poker is increasing worldwide, POKER cards can be used in many ways for advertising purposes. Compared to other marketing tools, POKER cards are a very inexpensive way to build awareness and ensure longevity of your brand.

Whether you want to commemorate an event, organize a promotion, share a moment with friends, promote your company or cause, we are here to help. Our high-quality POKER sets include 55 cards printed on a textured paper (linen) for a distinguished look. Printing your logo/image on the back of the card will give the deck a unique character. You can even add your company's vision and slogan. Our decks of cards are packaged in a window tuck box, allowing you to visualize your logo.

An option of upgrading to different style box or a higher-end box is also available on pages 16, 17 and 18.

#### Joffre - the game (100th Anniversary)

Issued from the World War I, Joffre recalls the great powers: France, England, Russia, Germany.

The deck is composed of 32 cards and is divided into 4 sets of 8 cards each (includes white rigid box with clear cover). Printed on Casino Style Cardboard

Each set has a different color and represents the 4 countries.

Each country has 8 cards, 7 of which are numbered from 1 to 7 in this way:

- 1. Caporal
- 2. Sergeant
- 3. Lieutenant
- 4. Captain
- 5. Major
- 6. Colonel
- 7. General

The eighth card of each series has no number and is of lesser value than any other respective card. For the France set, this 8th card represents the JOFFRE, for Germany the KAISER; for England and Russia, it bears only the name of the country.

The ultimate goal of the game is to get the JOFFRE and give the KAISER to the other team.
